

Silver sulfadiazine

(Flamazine*) POM

- **Client Information Leaflet:** [Silver sulfadiazine](#)
- **Formulations**

Topical: 50 g, 250 g, 500 g of 1% cream (water soluble).

- **Action**

Slowly releases silver in concentrations that are toxic to bacteria (Gram-positive and negative) and yeasts. The sulfadiazine component also has anti-infective qualities.

- **Use**

- Topical antibacterial and antifungal drug particularly active against Gram-negative organisms such as *Pseudomonas aeruginosa*.
- Used in the management of second- and third-degree burns to prevent infection.

Up to 10% may be absorbed, depending on the size of area treated.

- **DOSES**

Classified as category D (Prudence) by the EMA. See Appendix for [Guidelines for responsible antibiotic use](#)

- **Dogs, Cats** Localized skin infections: Apply a thin film twice daily after cleaning area with antiseptic.
